

# High-quality painting, efficient drying

ITALIAN FURNITURE SUPPLIER INVESTS IN HIGHER ENERGY EFFICIENCY

La Torniveneta is a leading Italian manufacturer of high-quality painted and veneered furniture fronts and components. "Our customers include the best furniture manufacturers in Italy and throughout Europe," explained Technical Manager Renato Anzanello.

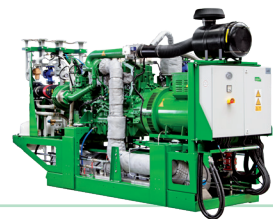

## CHP unit installed in record time

"In order to remain competitive with international competition in the future, we chose to invest in a CHP plant and thus higher efficiency." The agenitor 312 from 2G has an electrical output of 450 kW and a thermal output of 481 kW with an impressive overall efficiency of 84.8%. The plant was installed in a sound-insulated standard container in

*We are extremely satisfied with the unique quality and competence of 2G.*
