2G Energy AG - Fair Disclosure Policy

2G Energy AG recognizes that timely, appropriate and fair disclosure (Fair Disclosure Policy) of business and corporate information is important to obtain a fair evaluation of corporate value from the capital markets. 2G's disclosure is made in accordance with applicable laws and regulations, including the rules of Deutsche Börse AG.

In order to guarantee a fair disclosure towards all shareholders and stakeholders and in order to prevent information disparities, 2G has set a certain period prior to annual and half year earnings release as a „quiet period“ during which 2G refrains from responding to questions related to the financial results, the order situation and the market and competitive environment.

The „quiet periods“ begin two weeks prior to the announcement of the groups annual and half year financial results.

In addition to the quiet periods voluntarily introduced by 2G as part of its Fair Disclosure Policy, Article 19(11) of the Market Abuse Regulation (MAR) prohibits directors' dealings. These "closed periods" begin 30 days before the publication of the annual and semi-annual financial reports. Contrary to the MAR, 2G also includes the day of publication in the trading prohibition.
